Alan said the Bingham County Sheriff's Office is generating funds for Breast Cancer Awareness Relay of Life. They are holding a fundraiser which will allow anyone to grow a neatly groomed moustache or goatee by donating a \$25 buy in which will go to Breast Cancer Awareness. The fundraiser will go from March 1, 2009 until June 20, 2009. Alan asked for permission for his officers to participate in this fundraiser. The Council agreed.

BJ presented the latest version of the surface water use agreement. He said Snake River Valley Irrigation has signed the agreement and now the Mayor and Council need to review the document. BJ said the Council at the next council meeting can consider this agreement.

BJ said the hearing to consider the motion to dismiss the action regarding Kelley Acres will be February 19, 2009, at 10:30 a.m. at the Blackfoot Court House.

Sandy said Harper Leavitt Engineering sent the city an invoice in the amount of \$1025 for the work to draw up the legal description and the new easements at the wastewater treatment plant. She said she spoke with Dave and he said the owner of the property Jay Roche felt it was the city that needed the easements and therefore they should pay for the engineering fees. The Council felt the property owner was suppose to move the easement for the city and the city would build the road. The Council asked Sandy to research this matter, and report back at the next council meeting.

Sandy said the AIC Conference will be held in Boise on June 17, 2009 through June 19, 2009.

Chris Standage was not in attendance to discuss the water billing for property he and Ron Rhead own on the Butte. Both owners are Realtors and refurbishing the home. Sandy said during the month of October they used 1,056,000 gallons of water and the billing was over \$700. She said currently the balance on their city account is \$1032.71 and the water has been shut off. Sandy said Mrs. Rhead contacted her and wanted to set up payment arrangements of \$25 until they sold the property. She said her partner's brother was working on the home and left the water running. Sandy said Mrs. Rhead asked if the billing could be reduced because the water was left on accidentally. She told Mrs. Rhead that water was very precious and she would have to talk to the Mayor and Council about any reduction. The Council determined that the billing should not be reduced, and that a lien should possibly be placed on the property.

Steve said he was working on a grant for a restroom at Dawn Lloyd Fields Park. He said the application is almost finished and will be submitted to the Department of Parks and Recreation. It was determined that this restroom will have running water.

Lorin said the Mayor and he attended the Legislative Luncheon in Boise. He said it was a very good meeting, however a lot of cities are worried about their budgets. Lorin said the cities were advised not to budget any stimulus money at this money.

Lorin said some Scouts who would like an equal access park for handicap children approached him. Dawn said we have some handicap toys that will be put into Pillsbury Park. Lorin said the Scouts also want a BMX Park to ride their bikes in. He said they did not have any available land to site the Park, but just wanted it brought up to the Council.

Lorin said he received some calls about Homeland Security and cameras that were being placed at the stoplights in the city. Alan verified that those devices that look like cameras are used for traffic control only.

Mayor Christensen said he had a very nice time in Boise meeting with Senator Bair, and Representatives Dennis Lake and Jim Marriott. He said the legislature does not envision any tax increases, but we may see an incremental raise in vehicle registration fees over the next five years. Mayor Christensen said the legislature may consider raising beer and wine taxes also. He

said the State is concerned over the shortfalls expected in their revenue in the projected amount of 200 million to 300 million.
